

EMPOWERING BUSINESS GROWTH THROUGH EXCELLENCE

HR GLOBAL FOR BUSINESS DEVELOPMENT

Quality Assurance Services Outsourcing

WELCOME TO OUR COMPANY

At HR Global, quality isn't just a checkbox, it's a commitment. In today's dynamic and fast-paced digital landscape, we empower businesses with the confidence to deliver outstanding products through comprehensive, precise, and scalable Quality Assurance (QA) solutions.

YOUR CHALLENGES, OUR FOCUS

01. **Bugs and Performance Issues**

Undetected issues can harm user experience and damage your brand reputation.

02. **Tight Deadlines**

Pressure to deliver quickly often leaves little time for proper testing.

03. **High Testing Costs**

Without efficient QA processes, time and resources are easily wasted.

04. **Lack of QA Integration**

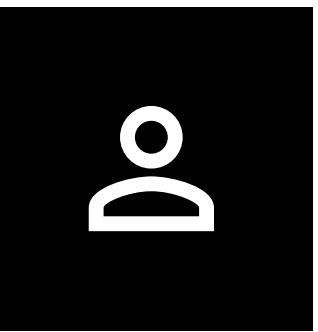

When QA isn't embedded in development, quality suffers and delays increase.

05. **Scaling Quality Efforts**

As your product grows, maintaining consistent quality becomes harder without a solid QA foundation.

OUR SOLUTION, YOUR ADVANTAGE

Integrated QA from Day One

We embed QA directly into your development process, ensuring early detection of issues and smoother product delivery.

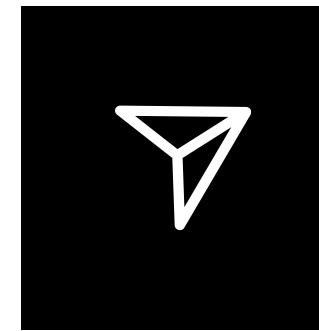

Customized Testing Strategies

Every product is different. We design test plans that align with your specific goals, architecture, and user expectations.

Comprehensive Testing Coverage

We offer end-to-end testing services: Manual, Automation, Performance, and Security Testing.

Process-Driven, Outcome-Focused

We don't just test, we help improve your product quality, reduce risk, and support your business goals.

WHY PARTNER WITH US?

Advanced Tools

We utilize Selenium, JMeter, and AI-driven testing platforms.

Scalable Solutions

Whether you're a startup or enterprise, our QA services grow with you,

Proven Success

We've consistently improved product quality while reducing release risks,

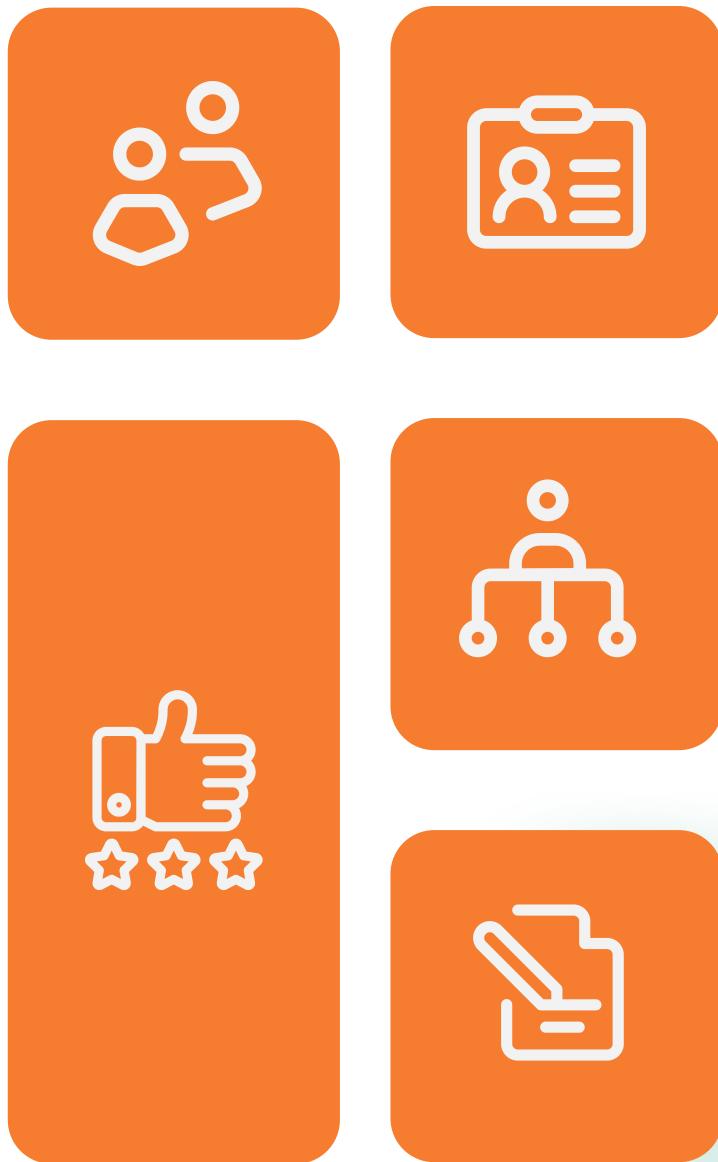

Expert Team

Deep knowledge in Quality Assurance and Quality Engineering.

ORGANIZATIONAL FRAMEWORK

Our QA Team Structure:

- 01.** **Supervisor:**
Oversees and ensures high standards.
- 02.** **QA Specialists:**
Experienced testers dedicated to each project phase.

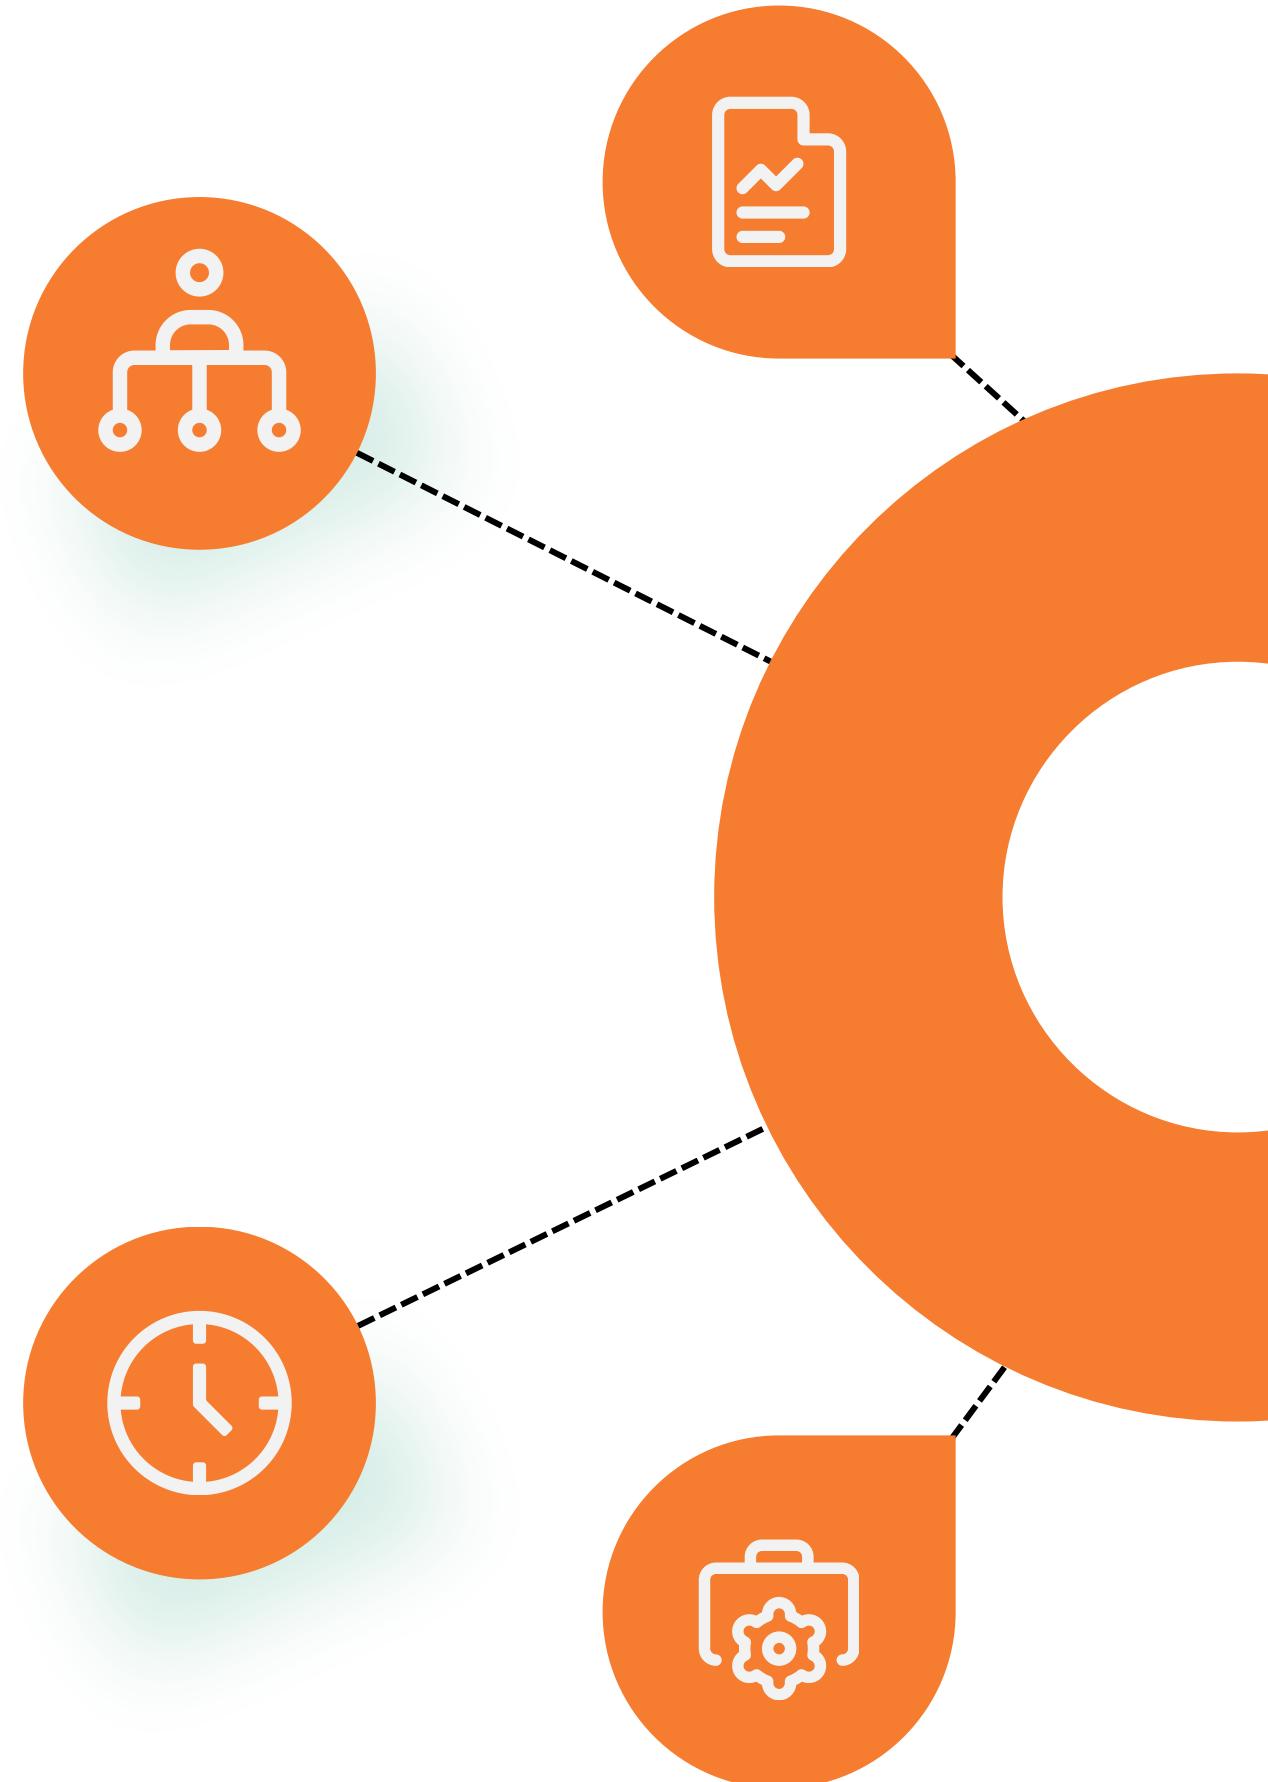

Operational Standards:

- 01.** **Confidentiality Assured:**
All projects protected with NDAs.
- 02.** **Transparent Workflows:**
Online timesheets and clear task tracking.
- 03.** **Guaranteed Quality:**
We commit to delivering measurable improvements.

OVERVIEW OF OUR QA SERVICES

- 01.** **Manual Testing**
Ensures all features function as intended and delivers a smooth and intuitive user experience.
- 02.** **Automation Testing**
Speeds up testing cycles, enhances consistency, and minimizes human error through advanced scripting.
- 03.** **Performance Testing**
Assesses system stability, responsiveness, and scalability under various load conditions.
- 04.** **Security Testing**
Detects potential vulnerabilities to safeguard your application and protect sensitive data.

UNDERSTAND YOUR REQUIREMENTS

We begin by collaborating closely with your team to define clear testing objectives and understand your project goals.

01

DEVELOP A TEST PLAN

A customized strategy is created to match your unique product and business requirements.

02

EXECUTE TESTING PROCEDURES

Manual and automated testing based on the plan.

03

DELIVER RESULTS

Provide detailed reports and actionable feedback.

04

CONTINUOUS SUPPORT

We offer continuous testing services to maintain high standards and support your product's long-term success.

05

BENEFITS FOR YOUR BUSINESS

Superior Product Quality

Ensure a high-performing, reliable product that delights your users.

Accelerated Time-to-Market

Launch faster with fewer defects and reduced rework.

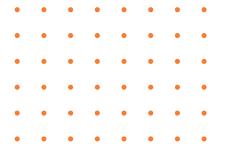

Cost Efficiency

Save resources by streamlining your QA processes and preventing costly post-release issues.

Regulatory Compliance

Improve adherence to industry standards and data protection regulations.

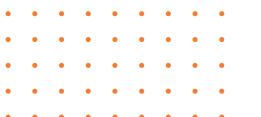

CLIENT SUCCESS STORIES

01. OK AUTO

Optimized QA process for a software development company, reducing bugs by 30%.

02. SALEEM

Improved system performance for an e-commerce client, increasing user retention.

03. BOBAPPS

Optimized QA process for a software development company, reducing bugs by 50%.

OUR CLIENTS IN SAUDI ARABIA

PROUDLY SERVING A DIVERSE PORTFOLIO
OF PARTNERS ACROSS SAUDI ARABIA.

INDUSTRY ENGAGEMENT & EVENTS

Actively Participating in the Tech & Innovation Ecosystem

LEAP 2025 – Riyadh, Saudi Arabia
The world's most attended tech event

- ✓ Networked with global tech leaders
- ✓ Showcased our latest innovations
- ✓ Gained insights on cutting-edge technologies
